### Mission

Our mission is to be recognized as the market leader in the development, manufacturing and marketing of surface material systems for decorative, flooring and technical applications in the woodworking, furniture and flooring industries.

### Technology Development

Coveright is well-known for its leading position in technology. Our R&D philosophy is that product and process development should take place as close to the customer and market as possible. Each production unit has its own laboratory for product and process development, quality improvement and technical customer support. Our long-term R&D initiatives are conducted by our R&D center in Essen, Germany.
